

Tay Chi Ta

Senior Software Engineer

(+84) 909012695 ✉ chitayta@gmail.com 📍 Tan Phu, HCMC, Vietnam [LinkedIn](#) [GitHub](#)

Passionate about microservices architecture, clean code, and design patterns — I like thinking deeply about how systems are put together, not just shipping features. I've been actively learning and applying AI tools in my work, and it's become one of my favourite parts of the job.

SKILLS

Languages

Java TypeScript

Frameworks & Runtimes

Spring Quarkus Angular RxJS

Databases

Oracle MySQL MSSQL

Infrastructure & Cloud

Docker Kubernetes / Helm Apache Kafka

Confluent Platform Azure

Google Cloud Platform

AI Tools

GitHub Copilot Claude Code

Process

Scrum with Scaled Agile Framework (SAFe)

Languages

Vietnamese (Native)

English (Professional Working Proficiency) — daily collaboration with teams across Asia and Europe

EDUCATION

09/2013 – 04/2018

Ho Chi Minh City University of Technology (HCMUT) — VNU HCMC, Vietnam

Bachelor of Engineering, Computer Science

Honor Program — GPA 8.38

TRAITS

Teamwork — Work closely with colleagues and cross-team peers to tackle shared challenges and deliver together.

Self-driven — Take ownership of tasks end-to-end — from picking up the problem to seeing it through without needing to be prompted.

Problem solving — Break down complex requirements, think through trade-offs, and land on pragmatic solutions.

Leadership — Lead a Scrum squad as Senior Squad Leader — coaching engineers, driving decisions, and keeping delivery on track.

EXPERIENCE

07/2020 – NOW

Axon Active Vietnam

A solution for customers and internal staff to handle insurance business end-to-end — from case announcement and internal processing to final payment to the beneficiary.

Senior Squad Leader Promoted 08/2023 – Now

Lead a feature team for a Swiss insurance customer, owning planning, delivery and quality.

Coach engineers, drive technical decisions, and align with stakeholders across the SAFe organization.

Software Engineer → Senior Software Engineer 07/2020 – 08/2023

Plan, design, develop, review, test and deploy features for a Swiss insurance product.

Participate in Scrum software development, prototyping and code review with teammates in Vietnam and Switzerland.

Collaborate with other teams across the SAFe organization to resolve cross-cutting problems.

Motivate the team and propose solutions as a squad leader.

Microservices Java Spring Quarkus Angular Oracle MSSQL

TeamCity Liima Docker Kubernetes Azure

02/2018 – 06/2020

Software Engineer · TMA Solutions

Pricing Engine — delivery service pricing engine for a Southeast Asian logistics company; web UI for pricing management plus REST APIs for other services.

Digital Disposition — monolithic web app for a German railway company to manage shifts and hotel bookings of railway staff working across a large European network.

Java Spring Angular Oracle

07/2016 – 09/2016

Intern · VNG Corporation

Joined Zalo PC application team through the fresher program; learned the working process at a software product company and developed modules of the PC chat application.
